ABSTRACT

This report describes graduation rates for scholarship athletes in Oklahoma higher education institutions in eleven sports. It includes six-year graduation rates for fall 1991 first-time baccalaureate degree-seeking freshmen and three-year graduation rates for fall 1994 first-time freshmen seeking associate degrees. Institutions are grouped into three categories: comprehensive universities, regional universities, and two-year colleges. Comparisons to the three previous years are also included. For comprehensive universities, graduation rates for all students between 1994-1997 have increased from 40.9 to 50.7 percent and from 38.8 to 47.6 percent for athletes. For regional universities, the graduation rate for all students increased from 30.6 to 32.2 percent while the rate for athletes decreased from 40.5 to 38.1 percent. At two-year colleges, the graduation rate for all students decreased from 16.2 to 15.1 percent while the rate for athletes increased from 31.3 to 33.5 percent. Male athletes graduated at higher rates than the male students at the regional universities and two-year colleges. Female athletes graduated at higher rates than the female student population in all three institutional types. African-American athletes graduated at similar or higher rates than the African-American student population in the comprehensive universities and the two-year colleges. Caucasian athletes graduated at higher rates than the Caucasian student population at the regional universities and two-year colleges. Data are also listed by sport and institution. (Contains 32 tables. House Bill 1502 is appended.) (RDG)

Oklahoma State Regents for Higher Education

COMPARISON OF GRADUATION RATES FOR SCHOLARSHIP ATHLETES AND ALL STUDENTS BY GENDER, RACE, AND SPORT 1997-98

Executive Summary

BACKGROUND:

House Bill 1965, as amended, mandates an annual report comparing the graduation rates of scholarship athletes to all students in the Oklahoma State System. This is the eighth such report.

The report format and methodology were constructed by the State Regents in conjunction with the Unitized Data System (UDS) Steering Committee composed of institutional representatives. The UDS provided the student-flow data for this report. The colleges and universities identified the scholarship athletes in 11 sport categories: football, basketball, baseball, softball, track and field, wrestling, volleyball, gymnastics, golf, tennis, and other sports. No athletic scholarships were awarded in swimming.

METHODOLOGY:

This report describes in detail six-year graduation rates for fall 1991 first-time freshmen who were full-time, baccalaureate degree-seeking students and three-year graduation rates for fall 1994 first-time, full-time freshmen seeking associate degrees. Comparisons to the previous three years are also provided. The student definition and the six- or three-year time periods are the standards used by the United States Department of Education (USDE), which correspond to 150 percent of normal time to completion.

FINDINGS:

While both "Within the State" and "Within the Institution" graduation rates are presented, the "Within the State" rates are discussed, because they are more complete indicators of graduation rates and consistent with USDE standards. Statewide graduation rates are defined as students graduating from any public or private school in the specified time period, regardless of the school of matriculation.

First-Time Freshman Enrollments

The table below shows the number of enrollments in each tier and for all public institutions.

| Tier | Scholarship Athletes | All Students | Athletes as Percent of All Students |
|--|----------------------|--------------|-------------------------------------|
| Comprehensive Universities (fall 1991 cohort) | 106 | 4,593 | 2.3% |
| Regional Universities (fall 1991 cohort) | 159 | 5,361 | 3.0% |
| Two-Year Colleges (fall 1994 cohort) | 263 | 8,189 | 3.2% |
| Total Public Institutions | 528 | 18,143 | 2.9% |

Graduation Rates by Year of Enrollment

In the past four years, graduation rates for all students increased from 40.9 percent to 50.7 percent at the comprehensive universities, increased from 30.6 percent to 32.2 percent at the regional universities, and decreased from 16.2 percent to 15.1 percent at the two-year colleges. Graduation rates for scholarship athletes increased from 38.8 percent to 47.6 percent at the comprehensive universities, decreased from 40.5 percent to 38.1 percent at the regional universities, and increased from 31.3 percent to 33.5 percent at the two-year colleges. Generally, graduation rates were higher for scholarship athletes than for all students at the regional universities and the two-year colleges.

Graduation Rates by Gender

Male scholarship athletes graduated at a lower rate than all male students at the comprehensive universities (35.6 and 44.2 percent, respectively) and at higher rates at both the regional universities (32.4 and 28.4 percent) and at the two-year colleges (27.5 and 14.8 percent). Similarly, female scholarship athletes graduated at a higher rate than all female students at the comprehensive universities (76.7 and 57.6 percent, respectively) and at higher rates at both the regional universities (61.5 and 35.5 percent) and at the two-year colleges (40.7 and 15.4 percent).

| Tier | Male | | Female | |
|----------------------------|----------------------|--------------|----------------------|--------------|
| | Scholarship Athletes | All Students | Scholarship Athletes | All Students |
| Comprehensive Universities | 35.6% | 44.2% | 76.7% | 57.6% |
| Regional Universities | 32.4% | 28.4% | 61.5% | 35.5% |
| Two-Year Colleges | 27.5% | 14.8% | 40.7% | 15.4% |

Graduation Rates by Race

Caucasian scholarship athletes graduated at a lower rate than all Caucasian students at the comprehensive universities (50.0 and 52.7 percent, respectively) and at higher rates at both the regional universities (47.8 and 35.3 percent) and at the two-year colleges (35.2 and 16.0 percent). African American scholarship athletes graduated at higher rates than all African American students at the comprehensive universities (44.0 and 30.3 percent, respectively) and at the two-year colleges (30.4 and 7.7 percent) and at a lower rate at the regional universities (20.0 and 20.1 percent).

Because of the small numbers of Native American, Hispanic, Asian American, and Nonresident Alien scholarship athletes, especially at the regional universities and the two-year colleges, small variations in these numbers may cause significant changes in corresponding percentages. These results should be interpreted cautiously.

| Tier | Caucasian | | African American | |
|----------------------------|----------------------|--------------|----------------------|--------------|
| | Scholarship Athletes | All Students | Scholarship Athletes | All Students |
| Comprehensive Universities | 50.0% | 52.7% | 44.0% | 30.3% |
| Regional Universities | 47.8% | 35.3% | 20.0% | 20.1% |
| Two-Year Colleges | 35.2% | 16.0% | 30.4% | 7.7% |

Graduation Rates by Sport

Among the 11 sport categories studied, the graduation rates for scholarship athletes exceeded the average graduation rates (comprehensive-50.3 percent, regional-31.6 percent, two-year-16.4 percent) in four sports at the comprehensive universities (football, volleyball, track and field, and gymnastics), six sports at the regional universities (football, basketball, wrestling, volleyball, golf, and tennis), and six sports at the two-year colleges (football, basketball, baseball, softball, volleyball, and other sports).

Oklahoma State Regents for Higher Education

COMPARISON OF GRADUATION RATES FOR SCHOLARSHIP ATHLETES AND ALL STUDENTS BY GENDER, RACE, AND SPORT 1997-98

BACKGROUND:

House Bill 1965, which was amended in the 1993 Oklahoma State Legislative session by House Bill 1502, mandates the Oklahoma State Regents for Higher Education compile, publish, and distribute an annual comparison of graduation rates of scholarship athletes to all students in the Oklahoma State System (see Appendix). This is the eighth annual graduation rate report.

The report format and methodology were constructed by the State Regents in conjunction with the Unitized Data System (UDS) Steering Committee composed of institutional representatives. The UDS provided the student-flow data upon which the report is based. The colleges and universities identified the scholarship athletes in 11 sport categories: football, basketball, baseball, softball, track and field, wrestling, volleyball, gymnastics, golf, tennis, and other sports. No athletic scholarships were awarded in swimming.

METHODOLOGY:

This study used the student-cohort flow system to track student data by semester with an individual student's identification number in the UDS. If a student's identification number was changed, misreported, or withheld, tracking students between and among schools could not proceed.

All students included in this report were first-time, full-time, degree-seeking freshmen at public institutions. At the comprehensive and regional universities, the report describes in detail six-year graduation rates for the fall 1991 first-time freshman cohort of full-time, baccalaureate degree-seeking students. At the two-year colleges, the report describes three-year graduation rates for the fall 1994 first-time freshman cohort of full-time, associate degree-seeking students. Comparisons to the previous three years are also provided. The student definition and the six- or three-year time periods are the standards used in the United States Department of Education (USDE), which correspond to 150 percent of normal time to completion.

This report includes two types of graduation data:

1. Within the State (Tables 1-16). These data describe (a) baccalaureate degree-seeking students who graduated with a bachelor's, master's, or first professional degree **from any public or private institution within the state** in six years or less from the time they enrolled as first-time freshmen at a public institution, or (b) associate degree-seeking students who graduated with a certificate or an associate degree **from any public or private institution within the state** in three years or less from the time they enrolled

as first-time freshmen at a public institution. Students who transferred to and subsequently graduated from another Oklahoma institution were included in the graduation rate of their originating institution.

2. Within the Institution (Tables 17-32). These data describe (a) baccalaureate degree-seeking students who graduated with a bachelor's, master's, or first professional degree in six years or less **from the institution in which they enrolled as first-time freshmen**, or (b) associate degree-seeking students who graduated with a certificate or an associate degree in three years or less **from the institution in which they enrolled as first-time freshmen**.

FINDINGS:

While both "Within the State" and "Within the Institution" graduation rates are presented, the "Within the State" rates are discussed, because they are more complete indicators of graduation rates and consistent with USDE standards. Statewide graduation rates are defined as students graduating from any public or private school in the specified time period, regardless of the school of matriculation.

First-Time Freshman Enrollments

This report examined the graduation rates for 17,152 first-time freshmen at public institutions, 437 (2.5 percent) of whom were identified by their institutions as scholarship athletes. The table below shows the number of enrollments in each tier.

| Tier | Scholarship Athletes | All Students | Athletes as Percent of All Students |
|---|----------------------|--------------|-------------------------------------|
| Comprehensive Universities (fall 1991 cohort) | 103 | 4,348 | 2.4% |
| Regional Universities (fall 1991 cohort) | 134 | 5,156 | 2.6% |
| Two-Year Colleges (fall 1994 cohort) | 200 | 7,640 | 2.6% |
| Total Public Institutions | 437 | 17,152 | 2.5% |

Graduation Rates by Year of Enrollment

In the past four years, graduation rates for all students increased from 40.9 percent to 50.7 percent at the comprehensive universities, increased from 30.6 percent to 32.2 percent at the regional universities, and decreased from 16.2 percent to 15.1 percent at the two-year colleges.

Graduation rates for scholarship athletes increased from 38.8 percent to 47.6 percent at the comprehensive universities, decreased from 40.5 percent to 38.1 percent at the regional universities, and increased from 31.3 percent to 33.5 percent at the two-year colleges. Generally, graduation rates were higher for scholarship athletes than for all students at the regional universities and the two-year colleges.

Graduation Rates by Year of Enrollment

Graduation Rates by Gender

Male scholarship athletes graduated at a lower rate than all male students at the comprehensive universities (35.6 and 44.2 percent, respectively) and at higher rates at both the regional universities (32.4 and 28.4 percent) and at the two-year colleges (27.5 and 14.8 percent). Female scholarship athletes graduated at higher rates than all female students at all three types of institutions: 76.7 and 57.6 percent respectively at the comprehensive universities, 61.5 and 35.5 percent at the regional universities, and 40.7 and 15.4 percent at the two-year colleges.

| Tier | Male | | Female | |
|----------------------------|----------------------|--------------|----------------------|--------------|
| | Scholarship Athletes | All Students | Scholarship Athletes | All Students |
| Comprehensive Universities | 35.6% | 44.2% | 76.7% | 57.6% |
| Regional Universities | 32.4% | 28.4% | 61.5% | 35.5% |
| Two-Year Colleges | 27.5% | 14.8% | 40.7% | 15.4% |

Graduation Rates by Race

Caucasian scholarship athletes graduated at a lower rate than all Caucasian students at the comprehensive universities (50.0 and 52.7 percent, respectively) and at higher rates at both the regional universities (47.8 and 35.3 percent) and at the two-year colleges (35.2 and 16.0 percent). African American scholarship athletes graduated at higher rates than all African American students at the comprehensive universities (44.0 and 30.3 percent, respectively)

and at the two-year colleges (30.4 and 7.7 percent) and at a lower rate at the regional universities (20.0 and 20.1 percent).

Because of the small numbers of Native American, Hispanic, Asian American, and Nonresident Alien scholarship athletes, especially at the regional universities and the two-year colleges, small variations in these numbers may cause significant changes in corresponding percentages. These results should be interpreted cautiously.

| Tier | Caucasian | | African American | |
|-----------------------------------|----------------------|--------------|----------------------|--------------|
| | Scholarship Athletes | All Students | Scholarship Athletes | All Students |
| Comprehensive Universities | 50.0% | 52.7% | 44.0% | 30.3% |
| Regional Universities | 47.8% | 35.3% | 20.0% | 20.1% |
| Two-Year Colleges | 35.2% | 16.0% | 30.4% | 7.7% |

Graduation Rates by Sport

At the comprehensive universities, the average graduation rate for all students was 50.7 percent. The graduation rates for scholarship athletes exceeded this average in five sports (100.0 percent in volleyball, 80.0 percent in gymnastics, 80.0 percent in softball, 66.7 percent in golf, and 57.1 percent in basketball). However, the graduation rates for scholarship athletes were below the average of all students in five sports (50.0 percent in tennis, 47.1 percent in track and field, 44.8 percent in football, 33.3 percent in wrestling, and less than 0.1 percent in baseball). There were no scholarship athletes in other sports.

At the regional universities, the average graduation rate for all students was 32.2 percent. The graduation rates for scholarship athletes exceeded this average in seven sports (100.0 percent in tennis, 83.3 percent in baseball, 66.7 percent in softball, 50.0 percent in basketball, 42.9 percent in golf, 37.5 percent in track and field, and 33.3 percent in volleyball). However,

the graduation rates for scholarship athletes were below the average of all students in three sports (26.1 percent in football, less than 0.1 percent in wrestling and in other sports). There were no scholarship athletes in gymnastics.

At the two-year colleges, the average graduation rate for all students was 15.1 percent. The graduation rates for scholarship athletes exceeded this average in five sports (39.5 percent in basketball, 39.1 percent in softball, 32.0 percent in other sports, 31.4 percent in baseball, and 16.0 percent in football). There were no scholarship athletes in golf, gymnastics, tennis, track and field, volleyball, and wrestling.

APPENDIX

An Act

ENROLLED HOUSE
BILL NO. 1502

By: Dunegan of the House

and

Mickle and Roberts of the
Senate

An Act relating to schools; amending 70 O.S. 1991, Section 822, which relates to certain graduation rate reports; modifying certain requirements concerning such reports; providing an effective date; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 70 O.S. 1991, Section 822, is amended to read as follows:

Section 822. A. Beginning July 1, 1991, each institution of The Oklahoma State System of Higher Education which is attended by students receiving athletic scholarships shall submit an annual report to the Oklahoma State Regents for Higher Education which shall include:

1. The graduation rate for students at the institution who received athletic scholarships, detailed by sport, year of enrollment, race and gender; and

2. The graduation rate for all students at the institution, detailed by year of enrollment, race and gender.

B. The Oklahoma State Regents for Higher Education shall compile the data contained in the reports submitted pursuant to subsection A of this section and shall publish an annual report making the information available by individual institution by sport, year of enrollment, race and gender and on a statewide aggregate basis by sport, year of enrollment, race and gender. The report shall be distributed to:

1. The Governor;
2. The Speaker of the House of Representatives;
3. The President Pro Tempore of the Senate;
4. The Publications Clearinghouse of the Oklahoma Department of Libraries;
5. The library of each institution of The Oklahoma State System of Higher Education;
6. The State Superintendent of Public Instruction; and
7. Any person upon request.

C. The State Superintendent of Public Instruction shall distribute a copy of the report required by subsection B of this section to the library, athletic office, principal's office or counselor's office of each public secondary school in this state.

The report shall be made available at the school for public inspection.

D. Beginning July 1, 1991, each institution required to submit a report pursuant to subsection A of this section shall provide the information contained in the most recent report to all high school athletes the institution is recruiting and, for every student who signs a letter of intent, shall obtain a signed statement indicating that the student has reviewed ~~and discussed the report with the secondary school guidance counselor or principal of the student~~ such report. Said signed statement shall be available for public inspection at the institution for a period of six (6) years following the date signed.

E. For the purpose of this section:

1. "Athletic scholarship" means any scholarship, grant, or other form of financial assistance whose terms require the recipient to participate in a program of intercollegiate athletics for the institution in order to be eligible to receive the assistance from the institution;

2. "Letter of intent" means a document which is:

a. provided by an institution of higher education to a prospective student who is offered an athletic scholarship, and

b. signed by the student to indicate the intent of the student to attend that institution; and

3. "Graduation rate" means the proportion of student athletes to the general student population enrolled in at least twelve (12) credit hours per semester who have earned an associate degree within three (3) years or have earned a bachelor's degree within six (6) years of commencing study for such degree.

SECTION 2. This act shall become effective July 1, 1993.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval
